Mapping the level of cooperation between the local governmental units and the PFO’s of Vrapciste, Mavrovo and Rostushe, Tearce and Jegunovce.

In the framework activities of the project “Private forest for positive changes in the Polog region” (5P) is planned Mapping the level of cooperation between the local governmental units and the PFO’s of Vrapciste, Mavrovo and Rostushe, Tearce and Jegunovce. For this aim, a short questionnaire was prepared, which was submitted to the local communities and the private forest owners (PFO’s). It will determine the main challenges that the local communities and the PFO’s are facing in their cooperation and communication, and which will strive to overcome in the further phases of realization of the project activities.
